

SARANYA M

PROFILE

I am seeking a dynamic role within a respected organization where I can apply my skills, abilities while further enhancing them. By securing the position, I aim to contribute to the growth and success of the organization, while also fostering my own personal and professional development.

PROJECTS

During my final year project, I successfully developed a feature-rich web application. called "**One Stop**" - Train Ticket Reservation System.

Technology Used :

- Frontend: AngularJS framework
- Backend: Java and MySQL

The combination of these technologies allowed us to create an efficient system to facilitate seamless ticket booking and management.

MINI PROJECTS

- **Portfolio** - I have developed a personal portfolio using HTML and CSS, demonstrating my proficiency in web development and design.
- **Cloud Computing** - Website Deployment on AWS Cloud. Designed a Library management system Website utilized HTML & CSS, Boot Strap for the website's design and layout, Deployed the website on AWS cloud
- **Web Development** - Created a BMI Calculating Application using the HTML & CSS and JavaScript. Provided instant calculation and displayed results with relevant health grade.

CO AND EXTRA CURRICULAR ACTIVITIES

- **Internshala Trainings** - I have successfully completed and earned certification in UI/UX design through Internshala Trainings.
- **AlgoXfusion** - Participated in a certified "ReactJS" project, effectively accomplishing all designated responsibilities.
- Attended a comprehensive workshop focusing on web development utilizing PHP and MySQL technologies.
- Possess a keen interest in vocal music, particularly in the realm of singing.
